

# ASI48 Sperrin

Standard	EN ISO 20345:2011
Category	S3 WR HRO SRA
Size Range	UK 6 - 13   EU 38 - 48
Colour	Brown
Slip Resistance	SRA

**ASI48 Sperrin:** Men's flexible and lightweight protective waterproof dealer boot. Water-resistant Nubuck leather upper with highly breathable, waterproof membrane enabling feet to stay dry. Moisture wicking mesh lining absorbs fluid preventing sweating from inside the footwell. Rear pull on loop and elasticated sides for easy donning and doffing. A hardened TPU moulded wedge wraps around the upper at the heel, providing additional support and heel stabilising. Industrial standard foot protection with steel toe cap and steel midsole. Energy absorbing heel counter consumes impact on tough terrain. Oil resistant rubber outsole with injected PU welt and midsole.

<b>Upper</b>	Nubuck Leather Upper	<b>Construction</b>	Injected PU Welt
<b>Inner Lining</b>	Breathable Waterproof Membrane &	<b>Outsole</b>	PU/Rubber Sole
<b>Footbed</b>	Removable Memory Foam Footbed	<b>Weight</b>	750 grams (half pair size 8)
<b>Impact Resistance</b>	200 Joules Steel Toe Cap	<b>Penetration Resistance</b>	Steel Midsole - Min. 1100N

## FEATURES

- ◆ Flexible & Lightweight Waterproof Dealer Boot
- ◆ Water Resistant Nubuck Leather Upper
- ◆ Internal Waterproof Membrane
- ◆ TPU Heel Support
- ◆ Injected PU Welt & Midsole
- ◆ Rubber Outsole
- ◆ Antistatic
- ◆ Energy Absorbent Heel
- ◆ Oil Resistant Outsole
- ◆ Heat Resistant Outsole to 300 Degrees

**Care Advice:** To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
